LANSING MAKERS NETWORK: MAKE THE MOVE

Lansing Makers Network is Lansing's place for hobbyists, artists, entrepreneurs, and engineers to meet, make, learn, and teach together.

What the new space means for makers:

- Over 2.5 times more space to be creative!
- Extra space for more classes means even more people can try something new!
- Bigger and better wood shop and metal area!
- Improved crafting and sewing zone so projects stay dust free.

If we reach our campaign goal of \$50,000, we'll get \$50,000 more in matching funds from the Michigan Economic Development Corporation (MEDC). Your donation will be doubled.
